

Observe with Photography

Directions to Create a Still Life Picture

- Collect several objects and arrange them in an interesting way
- Use a camera to take pictures of the objects as a group
- Take pictures from different angles
- Take pictures up close and from far away
- Review your still life photos and pick ones you like
- Send your favorite still life photos to Ziggy@lpb.org
- Write down details you observed with your camera

Key details I observed...
