

Build like a Puppet Maker

Directions to Stage a Puppet Show

- Gather paper, crayons, scissors, tape, and a few popsicle sticks or pencils.
- Cut the paper into 4 equal squares and choose 4 characters from Ziggy's show.
- Draw a different character on each square, so you have 4 squares with 4 characters.
- Carefully cut out the characters and tape a popsicle stick or pencil to the back of each cut-out drawing.

Now you are ready to stage a puppet show with your characters!

You can recreate an episode of Ziggy, or make up your own!
